

BEGINNER + MAINTENANCE ANTI-AGING

Visia Scan Consultation

A complexion analysis that quantifies skin concerns such as pigmentation, pore size, spots, sun damage and wrinkles. Includes a customised skincare plan and treatment recommendations to target specific areas of concern.

Treatment time: 45min | Cost: R260

Jettplasma Lift & Firm Facial

Exclusive to Specialist Dermatologists, this power packed facial utilizes plasma skin regeneration technology to boost collagen growth and improve the appearance of wrinkles, sagging skin, uneven tone and texture. The Jettplasma facial can be customized for brightening, clarifying (oily skin) or anti-aging results.

Treatment time: 45min | Cost per session: R540

Course of 3: R1458 (Save R162)

Neostrata Glow Getter Peel

A superficial depth glycolic acid peel that stimulates skin renewal whilst promoting a healthier, plumper skin with enhanced smoothness and clarity.

Treatment time: 15min (+15min for first visit)

Cost per session: R520

Add on brightening/clarifying booster: R70

Course of 3 (Excl boosters): R1404 (Save R156)

Course of 3 treatments are valid for 12months from the date of purchase.

A special appreciation for Henishia. She is indeed an asset to the practice and treated me in the most kind and caring manner. She is a gem.

HEATHER NAIDOO

BODY TREATMENTS

Laser hair reduction

Suitable for light and dark skin types. Intense pulse light is used to target and destroy hair follicles responsible for hair growth without harming the surrounding tissue. IPL is effective on active hair growth only, therefore, several treatments are needed. The sensation experienced can be described as a rubber band snap on the skin. Quick and simple, patients are usually in and out of the therapy room within 15min for smaller areas and under an hour for larger areas.

Recommended number of treatments:

Minimum 4 at 4-6 weekly intervals

Leg Veins

Laser light targets and constricts blood vessels without harming the surrounding tissue. Results can be seen immediately, however, several treatments may be required for larger vessels. The laser hand-piece provides contact cooling to numb the skin beforehand. Suitable for the treatment of spider veins (small clusters of vessels less than 1 mm in diameter) and reticular veins (1 mm to 3 mm in diameter) in all skin types.

Treatment time: From 30min

Recommended number of treatments:

4 at 6 weekly intervals

Stretch Marks and General Scars

The Palomar 1540nm Laser delivers a beam of laser light deep into the dermis, coagulating tissue in a precise manner. Scar tissue is replaced with new healthy tissue. Stretchmarks are left smoother in texture and its appearance is reduced. The laser hand-piece has a built-in cooling technology to numb the skin beforehand. Combined with a topical anesthetic, the experience is comfortable and pain-free. Palomar 1540nm can be used to treat patients with darker skin types.

Treatment time: 1hr15min (incl anaesthetic time)

Recommended number of treatments:

Minimum 4 at 6 weekly intervals

STEP-UP ANTI-AGING & ACNE SCARRING

Dermapen Anti-aging & Acne Scarring Treatment

A microneedling therapy with hyaluronic acid + retinaldehyde infusion that plumps and smoothens out the appearance of wrinkles, scars and uneven texture. Includes a soothing post-treatment mask for intense hydration and skin barrier repair.

Treatment time: 45min

Cost per session: R2450, includes mask

Recommended 2-4 treatments, 4-6weeks apart.

Dermapen Brightening Treatment for Hyperpigmentation / Melasma / Uneven Skin Tone

A dual action brightening treatment that combines microneedling with Dermapen's Brite Lite Infusion and Uber Pro Peel. Intensive pigment regulators sedate excess production while fading spots and discolorations. The skin becomes visibly clearer, brighter and even-toned. Uber Pro will not cause flaking, shedding or scabs and is safe to use on darker skin tones.

Treatment time: 45min

Cost per session: R2750, includes mask

Recommended 2-4 treatments, 4-6weeks apart.

Skin Rejuvenation Laser Treatment (Palomar 1540nm)

A skin tightening laser treatment that utilizes the body's natural healing process to boost new collagen production for improved firmness and texture. Laser light also helps to re-volumise the skin and decrease the appearance of fine lines and wrinkles. Palomar 1540nm is a non-ablative laser that preserves the outer skin layer, therefore, healing time is minimal. Safe to use in patients with darker skin types.

Treatment time: 1hr45min (incl anaesthetic time)

Recommended number of treatments: 3 at 6 weekly intervals

Cost per session: From R680

Visit www.dermatologists.co.za for a detailed laser price guide.

TARGETED FACIAL TREATMENTS

Dry, Sensitive and Allergy prone skin

Medical Hydrating Facial

A soothing, hydrating treatment perfect for dry and sensitive skin. Our unique anti-inflammatory mask resets and rebalances the skin, replenishing lost hydrating elements and restoring the skin's natural barrier function. Ideal for patients on roaccutane and for those suffering with redness or irritation from dry and eczema-prone skin.

Treatment time: 30min | Cost per session: R490

Course of 3: R1323 (Save R147)

Dark Under Eye Circles & Crows Feet

Periocular Peel

A lightening, brightening and intensely hydrating peel to improve the appearance of dark under eye circles and wrinkles. Our periocular peel contains a powerhouse of skincare acids with an undisputed safety profile - Ideal for the delicate skin around the eyes. A minimum of 6 treatments are recommended 2 weeks apart.

Treatment time: 15-20min

Cost per session: R490

Course of 3: R1323 (Save R147)

Course of 3 treatments are valid for 12months from the date of purchase.

Freckles, Sun Damage &

Broken capillaries

Palomar Max G Photofacial

Light energy damages unwanted brown pigment and capillaries to improve uneven skin tone and discoloration. The treatment is recommended for sun-damaged skin and freckles, and is also effective against redness from acne, rosacea or broken capillaries. Best suited for fair to medium skin types.

Treatment time: From 30min

Recommended number of treatments: Minimum 2 at 4 weekly intervals

Cost per session: From R420

Prices are subject to change without prior notice.
